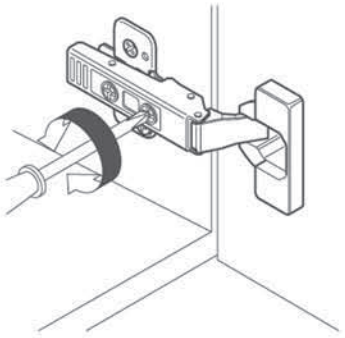
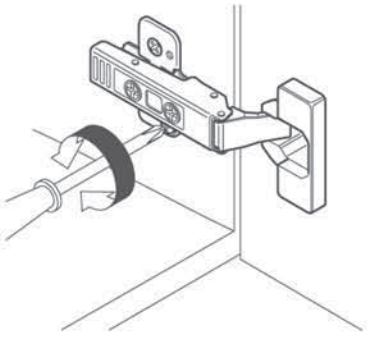
1 WALL CABINET INSTALLATION DOOR ADJUSTMENT

European-style hinges are adjustable in three ways to let you align your cabinet doors for a consistent look, even where minor cabinet irregularities exist.

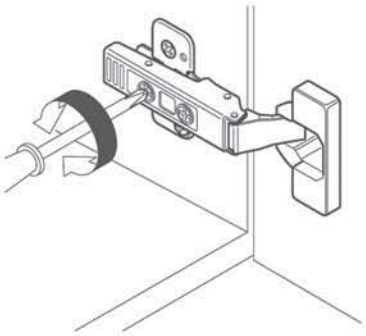
Door Side adjustment - regulates the gaps on the right and left side of the doors for a consistent look and proper door operation.



Door Height adjustment ... lets you align door up and down for a consistent level look to the face frame and drawers.



Door Depth adjustment ... lets you bring the door into alignment with vertical surfaces of the cabinet face frame and drawers.



Please read instructions before assembly process.

2 KNOB / HANDLE INSTALLATION Figure 2

1. Place machine screws through predrilled hole in door or drawer. Line up knob or handle with machine screw and tighten with screw driver.
2. Repeat process for all additional doors and/or drawers.

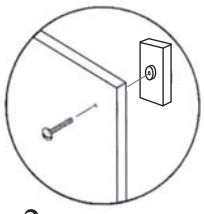


Figure 2

3 SHELF INSTALLATION Figure 3

1. Place shelf clips into predrilled holes located inside the vanity on the right and left side walls. Once shelf clips are installed rest wood shelf onto clips.

Keeping Your Furniture Beautiful

Quality wood furniture is a significant investment expected to last for generations. To maintain its beauty and help it last, wood furniture needs the right care. Pegasus Furniture products are finished with two to three coats of lacquer for extra depth and long-lasting durability. The sheen, or gloss, of the finish ranges from high to low, depending on the piece or collection. The finish protects the wood and adds to its beauty. No finish is totally indestructible. But with regular care, the finish will last much longer, providing years of enjoyment to you.

To protect and care for your furniture, we suggest the following:

- Avoid placing your Pegasus furniture in direct sunlight, as sunlight causes fading.
- Clean up spills immediately. Use a blotting rather than a wiping action. Water left over a long period of time will cause white spots in the finish. Alcohol, perfume, after-shave and medications can cause severe finish damage.

Cleaning and polishing your furniture:

We recommend dusting frequently with a clean, soft, dry, lint-free cloth. Clean the surface by rubbing in the direction of the grain. We recommend polishing your furniture approximately every six months, using a clean, soft, lint-free cloth and rubbing the polish in the direction of the grain.

What furniture care products do we recommend?

We recommend polishes which contain detergents, emulsifiers and mineral oil. The detergents clean dirt from the furniture, the emulsifiers give it body to clean and last longer and the mineral oil is left behind as a barrier for dirt and moisture that could harm finishes. There's no grit to harm the finish, no wax to build up and no silicone to raise the sheen and act as a barrier for touch-up and refinishing.

Limited Lifetime Warranty

Thank you for purchasing this Pegasus furniture product. Your new assembled furniture is constructed using only the finest materials and captures the essence of timeless beauty and style.

At Pegasus, each piece of quality cabinetry is designed with the customer in mind. Every aspect of what we do revolves around the customers' needs.
